

Updated MET Events 2016-17

In Partnership with TEXAS DECA

7 ICDC Academy Slots Available

1. Internship Interview Event with Portfolio (1 Academy Slot)

This event is designed to measure the understanding of the skills required to complete a job application for an internship, cover letter and resume to secure an interview and then how to complete an interview portfolio to be used in a face to face interview.

Complete the online application, submit a resume, submit a block style cover letter, create an interview portfolio, conduct a face to face interview using your portfolio. Portfolio is created using the rubric provided and will be brought to Texas DECA State conference to be displayed in the MET Booth.

2. Beginning E-Portfolio (Freshman & Sophomore) (1 Academy Slot)

This event is designed to measure the skills required to build an electronic version of a portfolio using presentation software such as PowerPoint or Prezi (do not use keynote unless you convert it to PowerPoint) that could be emailed. The electronic portfolio should include an introduction similar to. The website should reflect sections with a minimum of Introduction (similar to an objective), Education, Skills, Achievements, Community Service or Volunteer work, and any other relevant information that would be of interest to a prospective employer or college.

3. Advanced E-Portfolio (Junior or Senior) (1 Academy Slot)

This event is designed to measure the skills required to build a web based version of a portfolio using presentation software such as WIX (any web design program of their choice) that could be published online. The electronic portfolio should include a video introduction of themselves within the web design. The website should reflect sections with a minimum of Video Introduction (similar to an objective), Education, Skills, Achievements, Community Service or Volunteer work, and any other relevant information that would be of interest to a prospective employer or college.

4. Creation of a board game for Parker Brothers for Entrepreneurship (1 Academy Slot) or Hospitality and Tourism (1 Academy Slot)

That will include a brand name, logo, game pieces, instructions and industry specific information. Participants will be submitting pictures of their game and finalists bring to state for final judging. Actual board game will be brought to Texas DECA State conference to be displayed in the MET Booth.

5. Window Display for an apparel or accessory store (1 Academy Slot) or a sports merchandise store (1 Academy Slot), that is built in a shoe box of specific size resembling a true window display. Participants will be submitting pictures, and finalists bring to state for final judging. Participants will be submitting pictures of their game and finalists bring to state for final judging. Actual Window Display will be brought to Texas DECA State conference to be displayed in the MET Booth.

Updated MET Events 2016-17
